

My notes

Listen to the opinions of the characters at the different stations of the Reflectories and mark your decision. Make notes of your arguments in favour.
Start with the first situation and mark, where you want to travel. Continue with the next situation.

1. Situation: I decide for

Ho Chi Minh-City, Vietnam
Barcelona, Spain
Amsterdam, Netherlands

because

2. Situation: I decide for

early warning system Mangrove forests buildings on the coast
water for tourists water for agriculture water desalination systems
living near the coast/sea living because of densification swimming houses

because

3. Situation: I decide for

reforestation use of electric scooter green hotel concept of mobility
shore-side electricity infrastruc- ture hotels instead of holiday flats subvention of organic farming precision farming
low-emission electric ferry electric delivery traffic energetic modernization new building

because

4. Situation: I decide for

grandfathering-principle
polluter pays principle
emission per capita

because

4. Situation: I decide for

carbon offset
waiver of long-distance travel
responsibility of others

because
